City of Auburn

**Caroline Foster,**  
Bureau Veritas

**Will Foote,**  
City of Lincoln

## Guest Speakers

### WORKING GENIUS MODEL

Guest speaker Justin Studbaker, founder of Symphoneo Consulting, will be joining us for our meeting this month. Justin will be discussing the 6 types in the Working Genius model created by Patrick Lencioni, which helps guide individuals and teams "to understand and apply their natural talents to enhance productivity and fulfillment". Key benefits include improved team collaboration, increased strategic clarity, and enhanced employee engagement and satisfaction. This is a great way to end our year! Read more about the Working Genius model [HERE](#).

## Congratulations!

Congratulations to Rafael with Sacramento County on passing his exam and obtaining his Permit Technician certification! Way to go! Job well done, and we are so proud to have you with us!

With the new year, we hope to celebrate the achievements of our community more, so please feel welcome to share them with us via email!

## Upcoming Classes

### BUILDING CODES, HISTORY, AND EVOLUTION - 12/11

The Western Association of Permit Technicians (WAPT) is hosting a Building Codes, History, and Evolution webinar on Thursday, 12/11, from 1:00pm-5:00pm.

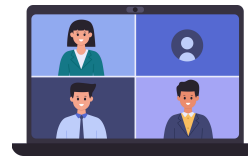

Course Description: The course uncovers how the code works and the people involved. It begins with some fun history leading up to the current International Codes and follows with an enlightening explanation of how the code is developed and adopted into law. Before applying the provisions, this course lays the foundation of how to navigate the code and how the code is administered as a minimum standard. The course concludes with sessions about key players in the use of the code and offers perspective from each of them in hope for a team effort in applying the codes across our communities.

## December's Meeting

### UPCOMING INFORMATION

December's monthly meeting will be Wednesday, 12/10, via [Teams](#) from 3:30pm-5:00pm. This

meeting will be a little longer due to all the valuable information by our guest speaker. We understand not everyone will be

available at the start, so join us when you can!

## Happy Holidays

What a year it has been! Such wonderful opportunities and growth our committee has experienced in 2025. We cannot wait to see how CAPT and our committee grow more in the new year! Thank you, as always, for being part of our community!
